You should also have quite extensive lists of vocabulary from these topics. It is essential that you learn the new vocabulary! Even if you were only to learn 10 words per day, in one year you would have learned 3650 words, a phenomenal but doable achievement. How many words would you have learned in 5 years?</p>	PR

Ask a friend or family member to test you. Find some cardboard and make mini flashcards with the German on one side and the English/ picture/symbol on the other side. Many of you are fond of post its – how many items in your home can you label in German e.g der Tisch, das Fenster.

2. Read, read and read! Indeed, if you want to succeed, you have to read.

If possible download the Guardian newspaper App. and try to read a couple of articles a day.

3. Tune into Bitesize BBC beginning Monday 20th April – daily online lessons for all ages!
