Task Outline:

OBSERVATION (ellipses)

This is a task to challenge your observational drawing skills. It has similarities to work we've done before for the 'Objects & Viewpoints' project.

The main considerations are MEASUREMENT, PROPORTION, TONE

I've included examples to help illustrate each part but you may also find it useful to look on Pinterest yourself.

Do not copy any of the work, it is from your own Direct Observation. Choose any object which has an ellipse. Cans, bottles or cups would all be suitable.

Please send me your work via SMH or by email
