

Year 10 Assessment Overview Sheet

What evidence will we use?

Swanlea School will use the following types of evidence to award grades:

- student work produced in response to assessment materials provided by the exam board, including groups of questions, past papers or similar materials such as practice or sample papers.
- non-exam assessment (NEA) work (often referred to as coursework), even if this has not been fully completed.
- student work produced in centre-devised tasks that reflect the specification, that follow the same format as exam board materials and have been marked in a way that reflects exam board mark schemes - this can include:
 - substantial class work (including those that took place during remote learning)
 - internal tests taken by pupils.
 - mock exams taken over the course of study.
 - records of each student's progress and performance over the course of study

Within each subject students will be assessed consistently but the subject may not use all of the evidence types listed.

Parents/Carers

If parents have any questions or concerns, please contact the relevant Deputy Head:

- Mr Gardner, Key Stage 4, pgardner7.211@swanlea.co.uk
