

PUPIL PREMIUM STRATEGY STATEMENT 2024-2025

Reviewed by: Hasan Gohar – Asst. Headteacher and Paul Gardener – Senior Deputy Headteacher – Sept 24

Approved by: Resources Governors Sub Committee - 25.09.24

This statement details our school's use of pupil premium (for the 2024 to 2025 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Swanlea School
Number of pupils in school	1044 (Years 7-11)
Proportion (%) of pupil premium eligible pupils	52% (TBC)
Academic year/years that our current pupil premium strategy plan covers	2021/2022 to 2024/2025
Date this statement was published	September 2024
Date on which it will be reviewed	July 2025

Statement of intent

Swanlea School Vision

At Swanlea we will:

- Develop socially confident, responsible, resilient and independent learners
- Create respectful, empathetic and active citizens who value democracy, liberty and the rule of law in British society
- Develop highly numerate, literate and articulate young people, instilling a life-long love of learning
- Promote cultural capital and celebrate difference, instilling an understanding and appreciation of diversity
- Nurture aspiration and ambition challenging all to achieve, readying pupils for the global work place
- Promote student wellbeing, safety and healthy lifestyles, positively managing their academic, personal and social lives

Our PP curriculum will:

- Realise our school mission, vision and values
- Have breadth, balance and coherence
- Be ambitious, academic and challenging for all
- Be rigorously constructed and sequenced to enable deep, long- term learning, preparing pupils for the next stage of their education
- Instil a life-long love of learning, equipping students with powerful knowledge and skills

Swanlea School's curriculum comprises the total learning experience of our pupils, designed to realise our mission, values and vision.

Our curriculum has 2 strands:

Reviewed by: Hasan Gohar – Asst. Headteacher and Paul Gardener – Senior Deputy Headteacher – Sept 24

Approved by: Resources Governors Sub Committee – 25.09.24

Formal curriculum – the powerful subject distinctive knowledge that students need to learn; what students experience in the classroom. It is carefully sequenced content that creates a coherent learning journey for our students from year 7 to year 13.

Extended curriculum_— the opportunities both inside and outside of lesson time that deepen students' cultural experience, social confidence and wider skills and knowledge.

Our intention is that all pupils, irrespective of their background or the challenges they face, continue to make exceptional progress and attainment across the curriculum. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal irrespective of their starting point. We will identify the challenges faced by all vulnerable pupils, such as those who have a social worker; are looked after; are young carers or who face any barrier to achieve. Our plans outlined in this statement are intended to support all students not just those identified as PP.

Quality first teaching is central to our approach as this is proven to have the greatest impact on diminishing the differences between all groups and will positively impact the outcomes of all pupils. Our intention is to continue to improve outcomes for all students, building on our prior successes.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	The attainment of disadvantaged pupils is as follows:
	Nationally validated CAT test data for current Year 8 on entry shows that 53.26% of PP students are below SAS National Average, compared to 49.57%
	of Non PP students, a difference of 3.69%.

Reviewed by: Hasan Gohar – Asst. Headteacher and Paul Gardener – Senior Deputy Headteacher – Sept 24

Approved by: Resources Governors Sub Committee – 25.09.24

		Nationally validated CAT test data for current Year 9 on entry shows that		
		57.81% of PP students are below SAS National Average, compared to 57.33%		
		of Non PP students, a difference of 0.50%.		
-	2	Assessments, observations and discussion with KS3 pupils indicate that disadvantaged pupils generally have lower levels of reading comprehension than peers. This impacts their progress in all subjects.		
		STAR reading test data shows that the difference in reading age between PP		
		and Non PP students is on average 9 months in the current Year 9 cohort.		
		STAR reading test data shows that the difference in reading age between PP		
		and Non PP students is on average 3 months in the current Year 8 cohort.		
		STAR reading test data shows that the difference in reading age between PP		
		and Non PP students is on average 2 months in the current Year 7 cohort.		
•	3	Our assessments, observations and discussions with pupils and families sug-		
		gest that cultural capital and social confidence of many of our disadvantaged		
		pupils is lower than other students. For example, the housing situation of		
		many students means they have limited access to outside space and the pan-		
	demic further exacerbated their lack of access to cultural experience			
-	4	Our observations suggest many disadvantaged pupils lack metacognitive and		
		retrieval practice strategies and this impacts on their ability to independently		
		recall and apply their previous learning in future lessons and assessments.		
		Key Stage 4		
		Our internal assessments show that at the end of Year 10 2023-24 show that		
		the predicted grades for Year 11 are as below:		
		A8		

	A8
PP	51.32
Non-PP	57.77

Reviewed by: Hasan Gohar – Asst. Headteacher and Paul Gardener – Senior Deputy Headteacher – Sept 24 Approved by: Resources Governors Sub Committee – 25.09.24 Review due: Sep 2025

SWANLEA SCHOOL

A8 by Subject	English	Maths	Ebacc	Other
PP	52.81	52.47	14.93	15.62
Non-PP	55.8	55.5	17.37	17.11
Diff	2.99	3.03	2.44	1.49

5

Our pupil voice exercises and discussions with families have identified social and emotional issues for many pupils, such as anxiety, depression (diagnosed by medical professionals) and low self-esteem. The factors raised by students include anxiety about academic underachievement, examination and revision worries.

6

Our attendance data for 2023-24 was:

	Attendance	PA
PP	95.21%	5.19%
Non-PP	96.32%	3.10%
Difference	1.11	-2.09

Our assessments and observations indicate that absenteeism is negatively impacting disadvantaged pupils' progress. Pastoral teams and our Attendance teams prioritize disadvantaged pupil attendance, actively engaging pupils and families to support regular attendance to school.

Approved by: Resources Governors Sub Committee - 25.09.24

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved attainment among disadvantaged pupils across the curriculum	By the end of our current plan in 2024/25, 85% or more of disadvantaged pupils will be entered the English Baccalaureate (EBacc). • PP students will have a P8 score of +1.5 Reading comprehension tests demonstrate improved comprehen-
comprehension among disadvantaged pupils across KS3.	sion skills among disadvantaged pupils and a smaller disparity between the scores of disadvantaged pupils and their non-disadvantaged peers. This should be seen in STAR reading test data. Teachers should also have recognised this improvement through engagement in lessons and book scrutiny.
Improved metacognitive, retrieval practice skills among disadvantaged pupils across all subjects.	Improved outcomes in assessments, pupil voice feedback, homework completion and teacher feedback will show the impact of our strategies in this area.
To achieve and sustain improved wellbeing for all pupils, including those who are disadvantaged.	 Sustained high levels of wellbeing from 2024/25 demonstrated by: qualitative data from student voice and teacher observations. Feedback from school counselling service on the impact of SEMH strategies, specific inclusion case studies and parental feedback.
To achieve and sustain improved attendance for all pupils,	 Sustained high attendance from 2021/22 demonstrated by: the overall absence rate for all pupils being no more than 3%, and the attendance gap between disadvantaged pupils and their non-disadvantaged peers being reduced by 0.25%.

Reviewed by: Hasan Gohar – Asst. Headteacher and Paul Gardener – Senior Deputy Headteacher – Sept 24

capital programme	lum.
exposing students to the range of experiences that non- disadvantaged students have.	 Our PD curriculum will give students a minimum of 15 public speaking experiences over their five-year school career. Our extended school curriculum will ensure students have high quality access to cultural experiences that develop their social confidence e.g. Arts Week, Super Learning Days and PD extended curriculum.

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £117,492

Activity	Evidence that supports this approach	Challenge number(s) addressed
Developing metacognitive and retrieval practice skills in all pupils. This will involve teacher training and external support and release time.	Teaching metacognitive strategies to pupils can be an inexpensive method to help pupils become more independent learners. There is particularly strong evidence that it can have a positive impact on maths attainment: Metacognition and self-regulation Toolkit Strand Education Endowment Foundation EEF	3
Enhancement of our curriculum planning in line with DfE KS3 and EEF guidance. We will fund external consultants, attendance at training, release time and investment in new resources to enhance and develop our curriculum. Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

To review the academic year 2023-24, we have reviewed our progress against our intended outcomes. We have used a variety of quantitative and qualitive approaches to do this. For example,

Reviewed by: Hasan Gohar – Asst. Headteacher and Paul Gardener – Senior Deputy Headteacher – Sept 24

Approved by: Resources Governors Sub Committee – 25.09.24

pupil voice surveys, the student council, examinations results, attendance and punctuality data, staff feedback and talking to groups of parents.

1. Improved attainment among disadvantaged pupils across the curriculum at the end of KS4, with a focus on EBacc subjects.

In 2023-2024 GCSE examinations PP students achieved a P8 +0.73 vs non-PP +0.77.

	English	Maths	Ebacc	Other
PP	+0.65	+0.7	+0.64	+0.8
Non-PP	+0.62	+0.88	+0.72	+0.74

As shown by the external examinations taken during the 2023/24 academic year, the performance of disadvantaged pupils in is significantly above the national average for all students. The students performed better than non-PP students nationally.

2. Improved reading comprehension among disadvantaged pupils across KS3. Improved metacognitive, retrieval practice skills among disadvantaged pupils across all subjects.

Internal data from the targeted English intervention programme shows:

3. To achieve and sustain improved wellbeing for all pupils, including those who are disadvantaged.

Pupil voice activities across all year groups show pupil's feel safe, secure and emotionally supported at Swanlea School. The pupil survey also indicates that high levels of pupils feel that they school actively supports their healthy lifestyles.

4. Improved access to a planned rich cultural capital programme exposing students to the range of experiences that non-disadvantaged students have.

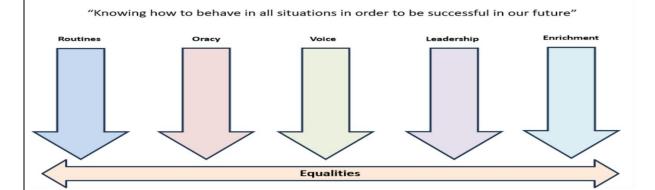

Reviewed by: Hasan Gohar – Asst. Headteacher and Paul Gardener – Senior Deputy Headteacher – Sept 24

Approved by: Resources Governors Sub Committee – 25.09.24

The school has delivered a universal programme across two Super Learning days and an Arts Weeks. These seven days encompass a 5-year cultural programme to increase the cultural capital of our young people and improve their ability to interact in a variety of social settings. PP students, historically, would benefit most from this programme as this group has less access to galleries, museums, work experience opportunities and opportunities to speak in public.

The school is now in the third year of a whole school approach to developing students' social confidence. The Five Pillars of Social Confidence are:

Each of these has a clear action plan and supports the development of PP students. We also have achieved the Gatsby Benchmarks and have a high quality taught Personal Development curriculum.

Reviewed by: Hasan Gohar – Asst. Headteacher and Paul Gardener – Senior Deputy Headteacher – Sept 24

Approved by: Resources Governors Sub Committee – 25.09.24

Additional activity

Our pupil premium strategy will be supplemented by additional activity that is not being funded by pupil premium or recovery premium. That will include:

- embedding more effective practice around feedback. <u>EEF evidence</u> demonstrates this
 has significant benefits for pupils, particularly disadvantaged pupils.
- ensuring pupils understand our 'catch-up' plan by providing information about the support they will receive (including targeted interventions listed above), how the curriculum will be delivered, and what is expected of them. This will help to address concerns around learning loss - one of the main drivers of pupil anxiety.
- utilising support from our local <u>Mental Health Support Team</u> and local behaviour hub, plus funding for CPD from the local authority's Wellbeing for Education Recovery budget, to support pupils with mild to moderate mental health and wellbeing issues, many of whom are disadvantaged.
- offering a wide range of high-quality extracurricular activities to boost wellbeing, behaviour, attendance, and aspiration. Activities (e.g., The Duke of Edinburgh's Award), will focus on building life skills such as confidence, resilience, and socialising. Disadvantaged pupils will be encouraged and supported to participate.

Planning, implementation, and evaluation

In planning our new pupil premium strategy, we evaluated why activity undertaken in previous years had not had the degree of impact that we had expected. We also commissioned a pupil premium review to get an external perspective.

We triangulated evidence from multiple sources of data including assessments, engagement in class book scrutiny, conversations with parents, students and teachers in order to identify the challenges faced by disadvantaged pupils. We also used the EEF's families of schools database to view the performance of disadvantaged pupils in school similar to ours and contacted schools with high-performing disadvantaged pupils to learn from their approach.

Reviewed by: Hasan Gohar – Asst. Headteacher and Paul Gardener – Senior Deputy Headteacher – Sept 24

Approved by: Resources Governors Sub Committee – 25.09.24

We looked at a number of reports and studies about effective use of pupil premium, the impact of disadvantage on education outcomes and how to address challenges to learning presented by socio-economic disadvantage. We also looked at a number of studies about the impact of the pandemic on disadvantaged pupils.

We used the <u>EEF's implementation guidance</u> to help us develop our strategy and will continue to use it through the implementation of our activities.

We have put a robust evaluation framework in place for the duration of our three-year approach and will adjust our plan over time to secure better outcomes for pupils.
